Spend your 2nd semester studying abroad in **Hanoi, Vietnam**

**What**

ITT students have the opportunity to conduct the 2nd semester at the Vietnam Academy for Water Resources. Lectures, project works and field trips are offered in Hanoi. The exchange semester can be connected with an internship.

**How**

As an IWRM, NRM or REM student you can choose to study the 2nd semester in Cologne or Hanoi. Due to the joint curriculum, the modules taken in Hanoi are smoothly acknowledged. There is the opportunity to get a scholarship during your study abroad.

**Why**

Challenges through local lecturers and an international working environment are essential. This concept allows you to broaden your university experience, expand your intercultural skills and to open chances on the international labour market.
